

Module 8: Assignment – 3

The screenshot shows the 'Add members' dialog in the Microsoft Azure portal. On the left, the 'New Group' form is partially visible, showing fields for Group type (Security), Group name (demo), Group description, and Membership type (Assigned). The 'Add members' dialog is open, displaying a search bar and a list of 102 results. The 'demo' user is selected, and the 'Selected (1)' panel on the right shows the user's details.

Name	Type	Details
AAD Request Verification Service...	Enterprise ap...	c728155f-7b2a-4502-a08b-bba95b269319
demo	User	demo@1996r1997gmailonmicrosoft.com

The screenshot shows the 'Add role assignment' dialog in the Microsoft Azure portal. The 'Selected role' is 'Rab2nd'. The 'Assign access to' section shows 'User, group, or service principal' selected. The 'Members' section shows 'No members selected'. The 'Description' field is optional. The 'Select members' dialog is open, showing a search bar and a list of members. The 'demo' user is selected, and the 'Selected members' panel on the right shows the user's details.

Name	Object ID	Type
No members selected		

The screenshot shows the 'Access control (IAM)' page for a virtual machine in the Microsoft Azure portal. The page displays the 'Check access' section, which includes a 'View my access' button and a 'Check access' button. The 'Check access' section also includes a link to 'Learn more'. The 'Grant access to this resource' section includes a link to 'Learn more' and an 'Add role assignment' button. The 'View access to this resource' section includes a 'View' button. The 'View deny assignments' section includes a 'View' button. The 'New! Permissions Management' section includes a 'Get started' button.
