Role assignments

Roles

Deny assignments

Classic administrators

⚠ Action required: As of August 31, 2024, Azure classic administrator roles (along with Azure classic resources, Azure Service Manager) are retired and are no longer supported. If you still have active Co-Administrator or Service Administrator role assignments, convert these roles to Azure RBAC immediately. Learn more

A role definition is a collection of permissions. You can use the built-in roles or you can create your own custom roles. Learn more

Discover, monitor and remediate unused permissions in your Azure environment with Microsoft Entra Permissions Management. Learn more
